

Dear friends and families,

Good morning to you, I would share more kingdom news rather than this passing world. Truly because of His divine protection and favour we are able to continue the Gospel work on the ground.

Reaching out to the Homeless

It was a joy and blessing to share the gospel to the poor and destitute on the streets. We are committed to help the homeless and widows in city life. The Lord has allowed us to minister so many wonderful people while we share the lunch with these wonderful souls.

We do lots of preparation before the day of distribution of lunch with homeless.

My family and few brothers has been a great help for us. We prepare for 100 people every month and meet them on the alley ways and by ways. Christ love has compels us to reach the destitute. Every time we meet the divine appointment and one who is needy.

As the society is getting more evil the father heart is concern for the lost souls. To share the Gospel is getting tougher and tougher. But 1Peter 2:15 reminds us continue to do his will. ***“For this is the will of God, that by doing good you may put to silence the ignorance of foolish men”.***

We are appreciating you for your partnership to reach these souls for Christ on the streets.

Village pastors Training at Andhra Pradesh state.

We continue to train the locals and indigenous pastors and gospel workers across the border of Orissa and Andhra Pradesh. It was great time with these people I have shared from the book of Acts; How Apostle Paul was endured for the Gospel? He ran the race worthy of his call.

I shared on leadership of family and marriage to them. They were so thankful to the LORD.

We are together prayed for the nation and the LORD's protection for those who persecuted in the ministry of the LORD around that area. We felt that we need more of His great love and unmerited favour to carry on everyday life

of ministry. As I continue to travel south stayed few days at Vijayawada city and I did the training with local pastors for 2 days.

Whole city was soaked with monsoon rain while I was there. We were soaked with the word of GOD. I was shared the brotherly love of Christ and his disciples, everyday 6 hours of teaching on the New Covenant life.

Later I am able to minister nearby town, from the book of John for a day. Word of God is light and life and the Lord brings the wisdom to his people.

I am really thankful for the local tribal pastor and his family at Perala village, Andhra Pradesh.

We were thankful for the local brothers who helped us for staying and travel and ministering all through my time there at Andhra Pradesh.

My Family

My son is a teenager now and in the school life so many changes going on his life. Every day I and my wife were handling his challenges and holding on by grace of the Lord. We are sharing him the truth and helping him to understand the consequences of Sin and Death.

We request you to please remember my son Jehohanan in prayers. My daughter is speaking with little girl's language at home and she has a unique way of communication with us.

In these days, our prayers life and prayer language has increased with confident and expectation from the LORD. We are keeping holding on the promises of the LORD for more and more souls and make disciples of this native people.

James 5:16

"The effective, fervent prayer of a righteous man avails much".

We realize so many times the Lord has protected us while were traveling by road and train. ***We really appreciate your love and partnership in Jesus Christ and for His Gospel.***

We are continued to holding forth the Light of the Gospel regardless the situation around us. We thank you so much for helping us to reach more people for the Gospel. Our heavenly father's heart is reaching out to the needy in and through us.

Your prayers and your commitment to the Gospel are always honoured in Christ Jesus.

Your brother in the harvest of the LORD

Sam Apollos & family
